Dear Parents,

Apeejay Schools always give importance to the co-curricular activities and we firmly believe that these are important in developing the overall personalities and skill sets of the children.

We want to ensure that in a fun-filled and constructive manner, our Virtual Summer Camp will give happiness and holistic growth to our children.

The Summer Camp, that begins from the 17th May and concludes on 22nd May 2021, can be opted by the children from the loving comfort of their homes and will ensure that they constructively engage in good virtual developmental fun time every day.

Designed for the different age group of our school, the events are planned keeping in mind the interests of the students. The various activities would not only encourage our children to be agile, self-sufficient but would also help them to be more confident and conscious citizens of the land.

Our expert professionals will conduct the camps and ensure effective and efficient execution.

The details of the camp are attached in the PPT.

Come, engage with us and make this summer memorable.

Registrations begin 10th May 2021.
